

## Environmental Policy

---

Choiceliving WA Pty Ltd are committed to improving environmental performance across all of our business activities. We aim to achieve continual environmental improvement through the implementation of a management system that identifies objectives and targets to minimise our environmental impact by working with staff and other stakeholders through pollution prevention practices in compliance with legal and other requirements and be a role model for others to follow.

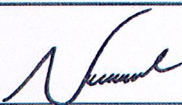

We recognize our responsibilities to be:

- o Complying with all applicable statutory requirements relating to environmental issues.
- o Managing environmental and related issues in accordance with client's requirements, policies and procedures.
- o Maintaining, monitoring, reporting, reviewing, auditing and continually improving the Environmental Management System and programs that are consistent with certification requirements of AS/NZS ISO 14001:
- o Providing sufficient and suitable resources to implement and maintain the Environmental Management System.
- o Minimizing and taking all practicable steps to prevent pollution and other adverse effects.
- o Educating and training our people to continually improve awareness, skills and knowledge of environmental issues and practices.

The Managing Director is responsible for the implementation and monitoring of this policy. Environmental safety and health duties of management at all levels will be detailed and company procedures for training and back-up support will be evidenced by the training register. In fulfilling the objectives of this policy, management is committed to evidence regular consultation with employees to ensure that the policy operates effectively, and that Environmental safety and health issues are regularly reviewed.
